**CP Series Winches 2,000 - 25,000 Lbs.**

*Taking The Winch Industry By Storm*

**PERFECT FOR  
MANY INDUSTRIAL,  
CONSTRUCTION,  
MINING, AND  
OIL FIELD  
APPLICATIONS**

**Superior Value - Wintech Reliability / Quality**

**STANDARD FEATURES**

- Parallel helical gear reducer with final chain drive.
- NEMA design "D" totally enclosed fan cooled electric motors with high starting torque to overcome initial inertia of pulling load.
- 230/460/3/60 Voltage.
- Automatic electromagnetic activates in the event of power interruption to brake stop and hold load securely.
- Heavy duty welded steel frame and guarding.

**OPTIONAL FEATURES:**

- NEMA 1 and NEMA 4 starter panels and control packages
- Marine grade motor and gear reducer
- Longer or shorter drum lengths
- Adjustable torque limiter disengaging clutch
- Explosion - proof motors
- Rotary limit switch
- Grooved Drums
- Customs designs available
